PROJECT AND SERVICES DESCRIPTION

The projects concerned the refurbishment (and new arrangement for Auderghem) of Proxy Delhaize shops in Brussels. Refurbishment works have been scheduled in a very short time frame (4-5 weeks) in order to minimize the closure period.

The works included :

- Existing finishing and installations demolition and stripping-out
- New technical equipment : electrical, mechanical, lifts, automated doors, fridges and cooling system, specific shops furniture, general finishing.

Our mission included all necessary administrative and legal authorizations and approvals :

- Building and environmental permits
- Fire brigade authorizations
- Owners agreements
- Relationship with Delhaize design and construction departments
